Planning the stages of your Project

Cut the table below into strips of cards and distribute these among the students. Ask the students to work out the correct order of each Project date/stage.

For Level 1 students, cut along the strips to form cards with date and stage.

For Higher Level students, cut along the strips to form cards showing date and stage.

Date	Stage
Mid-September	Topic/title/type of project chosen
End of September	Plan for Project completed
Mid-October	Rationale completed
End of December	Primary and secondary research completed
January to March	Project completed
End of March	Evaluation of Project completed
Early April	Internal submission date set
Mid-April	Internal assessment window
Mid-May	Submit marks to OCR
